

My child is at risk for autism spectrum disorder. What is next?

MEDICAL

Schedule a developmental evaluation by an **autism specialty team** (Developmental Pediatrician, psychologist and/or therapist). You may need a referral from your pediatrician.

TIP: Start a file for contact information, school reports, and medical records for your child.

EDUCATION

Request an evaluation at Early Intervention (children ages 0-5) or through your school district (children 5 and over).

COMMUNITY

Learn more about autism spectrum disorders. Resources are listed on the back of this card.
